## **DETAILED ACTION**

### ***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 2/22/2005 and 12/18/2003 have been considered by the examiner.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

- 1:** Claims 1, 12 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by USPN 5,786,851 Kondo et al.
- 2:** As for Claim 1, Kondo et al teaches on Column 6, Lines 14-20, Column 9, Lines 1-12 and Column 9, Lines 29-43 and depicts in Figures 2a and 14 an image generating apparatus comprising: image pickup means (1) for picking up an object image at predetermined time intervals (Frame rate) and generating image pickup data; encoding means for encoding the image pickup data as motion picture image data having an image rate (frame rate) which is based on the predetermined time intervals (1/60 sec etc); output means (110) for outputting the encoded motion picture image data; and control means (112) for controlling the output means (110) according to the number of pixels (resolution based on frame rate) of the image pickup data picked up by the image pickup means (1) and the image rate (Frame rate).
- 3:** In regards to Claim 12, Claim 12 is rejected for reasons disclosed related to Claim 1, since Claim 1 is substantively equivalent to Claim 12.

4: As for Claim 16, Claim 16 is rejected for reasons disclosed related to Claim 1.

#### **Allowable Subject Matter**

5: Claims 2-11, 13-15 and 17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
